Martin,

Suggested edit in bold below, but otherwise it looks good to go!

Mark – *OECD is asking for a quote from the two co-chairs ahead of the Ministerial, for the OECD website. A way of drumming up interest. Please review this draft – good to go to OPA for their review?*

Here's Luxembourg co-chair, Minister Carole Dieschbourg's quote:

ED_006794_00003662-00001

"The Covid-19 pandemic along with the unprovoked Russian attacks on Ukraine have further exacerbated economic and social inequalities and exposed many vulnerabilities. Governments are called upon to live up to the commitments of the Paris Agreement and achieve the goals of the SDGs by 2030. To do this, we need more speed in addressing climate change adaptation and mitigation, biodiversity loss, resource use and its related social challenges. We need expediency in implementing new budgeting approaches, and ensuring financing for the climate and environmental emergency."
